

## APF-45, APFN-45

Flat collar 45°

APF-45-B×L galvanized steel.

APFN-45-B×L stainless steel.

For product toughness and connections flanges are used.

|                       |             |
|-----------------------|-------------|
| when $L \leq 1500$ mm | $F = 20$ mm |
|-----------------------|-------------|

|   |             |
|---|-------------|
| when $1500 \text{ mm} < L \leq 2000$ mm | $F = 30$ mm |
|---|-------------|

|                    |             |
|--------------------|-------------|
| when $L > 2000$ mm | $F = 40$ mm |
|--------------------|-------------|

B – width, mm (100-2000).

L – length, mm (100-2000).
