

## APPF, APPFN

### Duct riser

APPF-B×H-L-h galvanized steel.

APPFN-B×H-L-h stainless steel.

For product toughness and connections flanges are used.

when $B \leq 1500$ mm	$F = 20$ mm
-----------------------	-------------

when $1500 \text{ mm} < B \leq 2000$ mm	$F = 30$ mm
-----------------------------------------	-------------

when $B > 2000$ mm	$F = 40$ mm
--------------------	-------------

Standard lenght

when $H \leq 350$	$L = 400$ mm
-------------------	--------------

when $350 < H \leq 800$	$L = 600$ mm
-------------------------	--------------

when $800 < H \leq 1400$	$L = 800$ mm
--------------------------	--------------

when $H > 1400$	$L = 1000$ mm
-----------------	---------------

B – width, mm (100-2000).

H – height, mm (100-2000).
