

APTp

Pressed flat mounting frame

APTp-d galvanized steel.

Flat mounting frames are for beginning of circular duct starting from rectangular duct system.

Smaller diameter mounting frames APTp-d is press formed. Due to pressed round corners, air flow has lowest pressure loss and minimal turbulent noise.

Flat mounting frames are made from galvanized sheet metal with insertable to duct connection.

Dimensions, mm		APTp (pressed)	
L1	M	Code	Weight, kg
50	170	353951090	0,1
60	205	353951120	0,3
60	250	353951150	0,4
60	290	353951190	0,6
65	340	353951240	0,8
70	405	353951310	1,0

ORDER EXAMPLE: flat mounting frame APT-250, flat mounting frame APTN-250 AISI-304, flat mounting frame APTN-250 AISI-316.
