

SKD

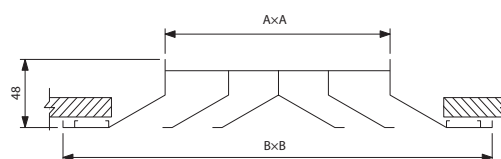

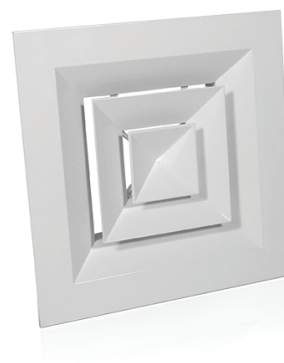

Square ceiling diffuser

SKD square diffusers are designed for low and medium pressure delivery supply and extract ventilation systems with four directional ventilation. Recommended for horizontal airflow indoors up to about 4 m due to fixed paddle position.

Standard color RAL9016.

Made of aluminum.

Accessories: connection boxes DRS2H, DRS2A.

Model	AxA, mm	BxB, mm	Air flow m³/h/Pa	Noise level, dB(A)	Code	Weight, kg
